

MAP 4C – Summative & Exit Interview

NAME: _____

SUMMATIVE DUE DATE: MONDAY JANUARY 23rd (LAST DAY OF CLASSES)

EXIT INTERVIEW DATE: WEDNESDAY JANUARY 25th

SUMMATIVE PART 1 – Exit Interview

MY TIME: _____

You will be scheduled for a 10 minute interview on Wednesday January 25th. At that interview you will be asked some of the following questions (note: this list might be updated before the interview. The latest I will update it is Wednesday January 18th)

1. What are some of your realistic longterm life goals with respect to employment?
2. What secondary or post-secondary programs/courses will enable you to reach those goals?
3. (if applicable) How do you plan on paying for your post-secondary education?
4. What are some acceptable back-up plans if your goals from #1 don't work out as planned?
5. Describe/explain/give examples of how mathematics are used in your planned field of work and study. You may want to bring some examples into the interview.
6. Describe some financial strategies/tools that you could use so that in the future you have financial stability.
7. Many people go into debt and have a very hard time getting out of debt. Describe/explain how you plan on avoiding this situation.
8. What are some of the advantages and disadvantages of renting a home vs buying a home? What are your plan with respect to home ownership?

9 - Explain the following:

-TFSA -RRSP -RESP -life insurance

- stock market -mutual funds.

10. Show me an example of some of your strongest work from the semester

11. What topics from this course did you find most challenging?

12. Explain how to solve for the variable in some equations.
